for the SpiritHorse Charity Ride.

SpiritHorse Therapeutic Center is a facility dedicated to assisting people with special needs to reach their full potential through interaction with horses. SpiritHorse has been recognized by the medical community for its work with people diagnosed with autism. The key to SpiritHorse's work is that their services are provided at NO COST to their clients regardless of their ability to pay. This critical and award winning therapy is based completely on your donations. What they do not receive leaves our neighbors, family and friends on a waiting list and unable to attend this life altering therapy.
